### 3. Accessing your student dashboard

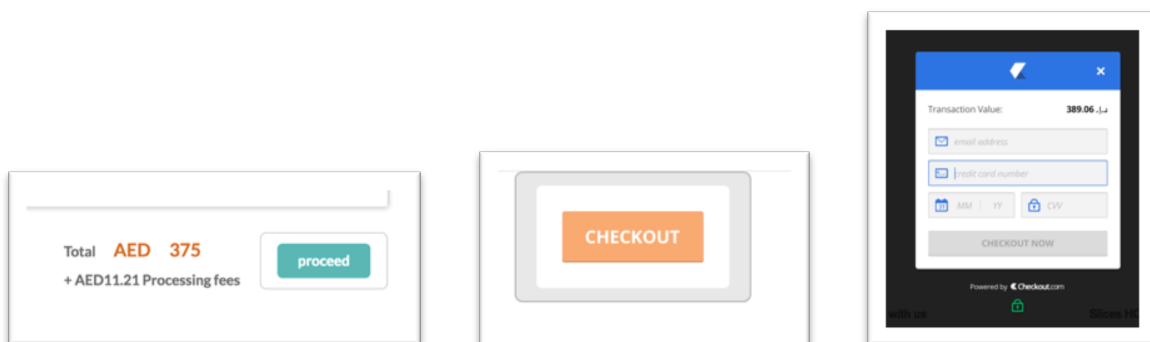

You can add additional student accounts and proceed to top-up.

### 4. Topping-up your account, and paying online

Select the appropriate top-up amount, and click on the **Checkout** button. You will then use our secure **Checkout.com** payment gateway to process the payment.

Once payment is successfully processed, you will be redirected back to the dashboard.

### 5. Collecting Slices cards

Student card will be issued once a minimum of AED 100 top-up has been added to that account. Students and parents will be able to collect the cards within 2-3 days at the school canteen.

## FAQs

- **I'm a faculty and have children in the school. Do I have to create a separate account for them?**  
Currently, you will have to create a 'faculty' account, and a separate parent account. However, we're working to address this point in the next website update.
- **I already have a Slices card from previous years. Can I use it?**  
We have recently replaced our online systems, and will require you to register at StudentCart.co. If you have an existing balance from previous years, our team will be able to recharge your new account with that balance.
